## abunDANCE in Schools

### Budget Requirements in More Detail:

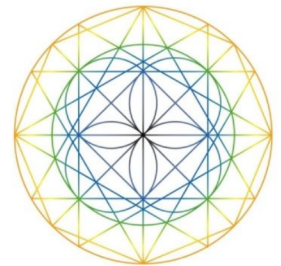

As a compliment to our main prospectus please find below a matrix of our extended programme options and their budget requirements. The budgets include the basic fees for a Principal Artist, equipment, preparation time and administration costs. It is optimum for the Principal Artist to work with a specialist Assistant Instructor, this and travel expenses are extra costs which will be budgeted subject to the exact service brief.

**Fees outlined below are based on typical academic timetables. Once we have a confirmed idea of your available time schedule we will provide an exact and customised quotation.**

*Please use this as a general guide only.*
